Affirming the importance of both spiritual and physical sustenance in Jewish life, Bread and Torah offers creative, hands-on educational programs that combine traditional Jewish scribal arts and bread making with Jewish spiritual teachings and practices.

Rabbi Linda is trained as a soferet—a scribe. She involves participants in various steps in the hands-on process of making a Torah scroll, from the processing of deerskins into parchment panels to the proofreading of the completed text.

Rabbi Jonathan teaches bread making and operates a non-profit, charitable bakery that offers ongoing bread baking lessons, provides training and employment to individuals with disabilities, and donates and distributes challah weekly to nursing home residents, hospital patients, and the needy.

There is no charge to attend these events and JCA membership is not required.
